- ☐ Murfreesboro- 7/24
☐ Webinar- 7/24

Time: 11am – 12pm CDT

This no cost, one-day training class, organized by the Tennessee Association of Utility Districts in collaboration with the Tennessee Department of Environment and Conservation, is designed to guide participants through the development of an Asset Management Plan (AMP) that meets the requirements of the American Rescue Plan Act. The training will cover the key standards and criteria outlined by TDEC for AMP development and will be broken out into five one-hour workshops covering each core component of the AMP. Attendees will gain practical insights from TDEC and TAUD personnel on how to create a comprehensive and compliant AMP that aligns with both federal and state guidelines for utility districts. Attendees may choose the in-person or webinar option.
