Successful completion of this workshop will earn you a cross-connection certificate for "Testing and Evaluation of Backflow Prevention Assemblies." Certificate expires every three years from the date of certification. A written test will be conducted, and you must score 70% or greater to receive a certificate. Additionally, you must successfully demonstrate that you can test a reduced pressure principal assembly and a double check valve assembly in accordance with recognized TN Department of Environment and Conservation procedures without written or verbal assistance.

Topics Covered:

- Ordinances & Policies
- State/Local Requirements
- The Paperwork Trail
- Hazards/Case Studies
- Hydraulic & Backflow Principles
- Testing Procedures

Preparation: Bring your backflow test gauge if available. You must successfully demonstrate that you can test a reduced pressure principal assembly and a double check valve assembly in accordance with recognized TN Department of Environment and Conservation procedures without written or verbal assistance.
