615-900-1000
nanciebaker@taud.org

For water treatment and distribution system operators to learn about changes in the Safe Drinking Water Act, Division of Water Supply Regulations, operator certification and other state and federal rules impacting operations and compliance.

Upon completion of this course, the learner will be better informed about current and emerging issues impacting public water systems, be prepared to comply with the provisions of the Safe Drinking Water Act including the Lead and Copper Rule Revision and Division of Water Resources Regulations 0400-45-01.

Participants will have the opportunity to ask questions of TDEC and TAUD staff and will be given opportunities for individualized direct and indirect technical assistance as needed.

**Topics Covered:**

- Emerging Contaminates- PFAS/HAB Cyanotoxins
- Emergency Preparedness and PWS resilience
- Water loss reporting and reduction strategies
- Cyber security assessments and resources
- Optimizing Treatment and Distribution Systems

**COST**

- NO FEE

**INSTRUCTOR(S)**

- Nathaniel Allsup - TAUD
