This course provides guidance and training for field personnel, such as maintenance crews and utility crews in the planning, selection, application, and operation of flagging procedures as they apply to short-term work zones. The course material was developed with regards to typical short-term maintenance and utility activities. The training covers the applicable standards for work zone protection as contained in Part 6 of the Manual on Uniform Traffic Control Devices (MUTCD), as well as addressing liability issues of highway agencies, utilities, and individuals. However, the emphasis is on appropriate flagging procedures, duties and performance of the Flagger.

Each attendee successfully completing the course will receive a Carry Card identifying them as a trained F lagger. This certification is valid for four years. The certification is recognized by TDOT and meets their requirements for Flaggers.

**COST**

- TAUD Member: $160
