This course provides guidance and training for field personnel such as maintenance crews, survey crews and utility crews in the planning, selection, application, and operation of short-term work zones. The course material is developed around typical short-term maintenance and utility activities.

The training covers the applicable standards for work zone protection as contained in Part 6 of the Manual on Uniform Traffic Control Devices (MUTCD), discusses the need for proper application of devices, addresses liability issues of highway agencies and individuals, and offers practical exercises to plan, set up, operate, and remove work zone safety devices.

COST

- TAUD Member: $160
- Non-Member: $160

INSTRUCTOR(S)

- THE UNIVERSITY OF TENNESSEE KNOXVILLE
