This class will cover the pumps and motors available for emergency pumping following an event such as a power outage, flooding or other natural disaster. Various pumps and drive systems will be discussed such as diesel engines and diesel hydraulic drives. The class will include hands-on instruction on maintenance and operations of emergency pumps. This class will provide six (6) hours of continuing education credit for water treatment, distribution, wastewater treatment or collection system licenses.

COST

- TAUD Member: $195
- Non-Member: $390

INSTRUCTOR(S)

- Dewayne Culpepper - TAUD
