Cross Connection Basic

3-Days

CE: 6 hrs. DS – CS--WT 1 & 2--WW 1 &

2 12 hrs. WT 3 & 4, WW 3 & 4

OE: 3 months for Any

CT 18 hrs. (Comprehensive Training)

Successful completion of this workshop will earn you a cross-connection certificate for "Testing and Evaluation of Backflow Prevention Assemblies." Certificate expires every three years from the date of certification. A written test will be conducted, and you must score 70% or greater to receive a certificate. Additionally, you must successfully demonstrate that you can test a reduced pressure principle assembly and a double check valve assembly in accordance with recognized TN Department of Environment and Conservation procedures without written or verbal assistance.

We recommend that you register early!

(Payment is required at time of registration)

Cost: \$370 TAUD Member

\$390 Non-Member

Time: 8:30 am -4:00 pm

What topics will be covered:

- Ordinances & Policies
- State/Local Requirements
- The Paperwork Trail
- Hazards/Case Studies
- Hydraulic & Backflow Principles
- Testing Procedures

Preparation: Bring paper, a pencil and a 3-ring binder to class. You must successfully demonstrate that you can test a reduced pressure principle assembly and a double check valve assembly in accordance with recognized TN Department of Environment and Conservation procedures without written or verbal assistance. To view the written procedures or to see them performed on video, please visit our web site at www.taud.org and click on Resources-> Downloads-> Backflow; or [click here](#).
