Emergency Operations and Flushing 1-Day

CE: 6 hrs Any

OE: None

The Emergency Operations Workshop is designed to prepare utilities for emergencies such as source water contamination and/or natural disasters. As a part of the workshop utilities will have the opportunity to review/update their emergency operations plan. The workshop will also provide a session on flushing techniques and procedures designed to assist utilities in developing a systematic plan for relieving water from tanks and distribution lines in the event of a real or potential contamination event.

Cost: No Fee (Funding provided by EPA grant)

Time: Classes/Webinars begin @ 8:00 am -3:30 pm
