Emerging Contaminants Webinar - Block (A)

CE: 3 hrs. WT or DS

OE: None

This is the first part of an Emerging Contaminants series. In Block A, we will discuss the Unregulated Contaminant Monitoring Rule process for monitoring of emerging contaminants. Attendees will gain the knowledge of how the regulation process is followed to develop Maximum Contaminant Levels (MCL) for new contaminants. Each block in the series is independent of each other; however, to gain more knowledge of emerging contaminants refer to block B.
