Block B

Block B is a 3-hour program designed to cover the New Lead and Copper Rule that will go into effect in 2024. We will discuss all areas of the new rule, even those areas that are subject to change before the rule takes place. A lot of time will be given to train for the upcoming Lead Service Line Inventory, Lead Service Line Replacement Plans and new Lead and Copper Sampling Plan. These three plans are required to be due on October 16, 2024.
