

Water Treatment Webinar Block A

Webinar

CE: 3hrs WT or DS

OE: None

TAUD is offering a new continuing education opportunity for water treatment and distribution operators. With social distancing becoming the norm, we developed a 3-hour or 6-hour webinar program for operators. Each webinar will begin at 12 pm central on the date listed and last until 3 pm central. An operator may choose to complete one Block and receive 3 CE hours or both Blocks A&B to receive 6 CE hours. The operator must attend every presentation in a block and answer the poll questions to receive credit. The presentations will be conducted through Zoom so all an attendee needs to attend this webinar is a smart device including computer, tablet or phone with internet connection.

Block A

Block A is designed to train an operator on the background of the lead and copper rule (LCR). We will discuss some issues with the LCR, including the Flint Michigan Crisis. Finally, the program will train the operator on the new Revised Lead and Copper Rule (RLCR).
